

Essential knowledge that pupils need to be educated citizens:

- Our Toolkit for Learning, Love & Laughter is at the heart of all of our Geography lessons.
- Our curriculum is a progressive programme that builds on children's skills and prior knowledge.
- Teachers place enquiry questions at the heart of lessons to make them engaging, creative and relevant and promote our St Breock School values throughout.

Introducing them to the best that has been thought and said:

- Motivational quotes shared by influential leaders and geographers.
- Unit links with different cultures, places and environments.
- Link with Geography Leads within the Aspire Trusts who keep the school up to date with current and best practice.

Cultural Capital at St Breock Geography

Community

- Visits to local environment to carry out fieldwork in the local environment and school trips to the coast, moorland, cities and Eden Project.
- Year Group Whole School Assemblies and Open Afternoons.
- Understanding of citizenship and sustainability both locally and globally.
- Links to the wider community including the local town and Secondary School.

Helping to engender an appreciation of human creativity and achievement

- Celebrating links to the local environment by carrying out case studies and comparing Cornwall to other locations.
- Celebrating the progress made in Geography lessons on the school social media platforms.
- Year group assemblies and open afternoons to celebrate learning in Geography.

Careers

- Units of work contain links to careers e.g. Forest Ranger, Bee Keeper etc and are explored regularly.
